Dear Chief Judge Mauskopf:

We have not identified any new COVID cases since our last report. The outcome is the result of the Queens Private Detention Facility (QPDF) clinical leadership, rapid intervention and adherence to CDC guidelines of containment. QPDF continues to deploy eight air scrubbers equipped with HEPA filters that will trap 99.9% of all viruses and bacteria.

Regarding Administrative Order NO. 2020-14, we respectfully provide only updated information as follows:

1. Protocols for screening and testing detainees, staff, and others entering or leaving each facility;

No updated information.

2. The number of detainees tested and the number of positive tests;

Number of detainees tested: **41**

Number of detainees positive total: **38**

Number of detainees positive in building: **0 (38 recovered)**

3. The number of staff and/or other testing positive;

Number of staff testing positive: **25 (11 recovered)**

4. All efforts undertaken to mitigate the spread of COVID-19 both generally, and in response to any symptomatic inmate(s) and/or positive test(s);

No updated information.

Respectfully submitted,

A handwritten signature in black ink, appearing to read 'William Zerillo', written in a cursive style.

William Zerillo, Facility Administrator
Queens Detention Facility
